

For each CA item your League proposes, please describe issues item should include, emphasis, and type of action foreseen.

United Nations - Issues: World Peace Keeping Force
Population Growth and world Food Supplies

Foreign Economic Policy -
Issues: East West Trade
Emphasis on 1962 Trade Expansion Act and
Kennedy Round at Geneva
Surveillance of Protectionism Legislation

Water Resources - Study of current legislation

Human Resources - Emphasis on evaluation of current legislation
Action on 1966 consensus.

Chief reason for choice(s):

Since there are constantly new developments in the field of the U. N. and Foreign Policy it was felt that study should continue.

New legislation in the water resource area led to the feeling that this legislation should be studied.

Human Resources must be continued in order to complete a study which has been begun.

Proposed Please list all the Continuing Responsibilities your League wishes to
Continuing see on the national Program during 1966-1968. Your CR recommendations
Responsi- may include any or all of the present CRs, any or all of present or
bilities anticipated positions under the 1964-1966 CAs. Present wording may
be retained or altered; present items may be combined.

Present CRs we wish to adopt unchanged for 1966-1968 (List only by title.)

District of Columbia

Tax Rates

Treaty-Making

Loyalty Security

Reworded and combined CRs (Write out in the form you propose; give each a title.)

New CRs (These should be stated as you wish them on the national Program. A CR cannot be expanded or the intent of the position changed; wording needs to be broad enough to permit action on future, unforeseen developments.)

Support of Apportionment Consensus.

RECOMMENDATIONS MUST BE POSTMARKED BY DECEMBER 2, 1965. TITLE EACH CA & CR.

If there was a close "runner-up" in your League for the item(s) you propose for the 1966-1968 national Current Agenda, please state title and general subject matter of that runner-up.

There was much discussion in regard to adding air pollution to the water resources item. However, the final decision was not to add this at the present time.

Program Please explain briefly the method by which your League arrived at these
Making Program recommendations. Include a description of the extent of member participation.

There were 25 members present at the meeting. We had good discussion and participation by all present. Agreement on items presented was almost unanimous. Final decisions were made by the Board.
